CIRCULAR

Sub:- Declaration of HOCL, Kochi Unit as "Plastic Free Zone"

As all are aware, plastic waste has become a serious threat to our environment. The environmental pollution, caused by plastic is a matter of great concern. Efforts are taken all over the world to reduce plastic pollution and to find out suitable ways for the efficient management of plastic waste.

The first step to reduce plastic waste is to reduce the usage of plastic. Government of India has initiated various measures towards the efficient management of plastic waste. One of the directions from the Government is to reduce the usage of plastic by declaring the premises of organizations as plastic free zones. In line with the directives of the Government of India in this regard and as a part of our commitment to the protection of environment, our Factory and Township are hereby declared as plastic free areas. Hence in the first phase, all types of single use materials made of plastic such as carry bags, bottles, cups, containers etc. are banned in the Factory & Township premises with immediate effect. All are requested to ensure that, single use plastic items such as carry bags, bottles, cups, containers etc. are not brought and used in the Factory & Township hereafter.

Co-operation from all are solicited in this regard to keep our environment clean.
