CHAIRMAN'S STATEMENT

Dear Shareholders,

My Colleagues on the Board and I extend warm welcome, and express gratitude, to all of you present here at this $54^{\rm th}$ Annual General Meeting of your Company. The Audited Annual Accounts together with the Directors' Report and Auditors' Report of the Company for the year 2014-15 and the AGM Notice to the Shareholders have been in your hands for some time and with your permission, I take them as read.

PERFORMANCE :

I must now share with you, in brief, the status of our Company's performance during the year 2014-15.

The production and sales attainments are contained in the Directors' Report before you and hence not repeated.

Your Company continued to enjoy support from all its valuable customers during the year 2014-15 due to excellent quality of its products manufactured at Kochi and Rasayani. During the year under review, your Company could achieve sales valuing Rs. 150.13 Crores (net of excise duty).

The Company had however taken the best possible measures both in cost reduction as well as in other areas. During the year, the operations of the Company, both at Kochi Unit and Rasayani Unit, suffered badly due to erosion of working capital. The Company could however successfully mobilise Rs.150 crore by issuing Redeemable, Non-convertible Unsecured Bonds with the Sovereign Guarantee issued by the Government of India in the month of September 2014 to clear the dues to raw material suppliers and other working capital payments. The company could once again restart the production at Kochi with BPCL resuming the raw material supplies.

As a result, your Company was under loss of Rs. 215.49 crore during the year.

I wish to inform you that with the consistent efforts put by the Management and with the help and support from various Ministries including Ministry of Chemicals & Fertilizers, Ministry of Finance, Ministry of Commerce & Industries, the anti-dumping duty on Phenol has been reintroduced with effect from April 2014.

It is expected that with the above action and continued efforts on improved operations and marketing, the performance and profitability of the Company would further improve.

The marketing strategy was mainly focused on domestic customers to maximize the market share by adopting flexible marketing strategies which helped in encountering the threat posed by the importers and the domestic competitors as well.

FUTURE PLAN & REVIVAL / TURN AROUND PLAN:

Future course of Action/Revival Plan

Rasayani Unit

With the working capital support from ISRO, the Rasayani Unit has been focusing on continuous running of Nitric Acid plant (C.N.A), whereby N2O4 for ISRO could be produced by the Company. Efforts are being made to restart the Nitrobenzene and Aniline Plants depending on availability of working capital.

The management is also exploring ways and means of utilizing the idle capacity by Toll manufacturing for which Tendering procedure is in process with the approval of Board of Directors.

Kochi Unit

Even though the Kochi unit operations were restarted in the month of October 2014, after fully repaying the dues to BPCL for raw material supplies, the fall in crude prices set in a downward trend in Benzene prices and eroded the margins of the main Products Phenol and Acetone. This has affected the continuous operation of the Phenol Plant which is operated intermittently so that the loss on inventory could be minimized in case of downward trend in raw material prices.

The Hydrogen Peroxide Plant is being operated continuously.

The Company is referred to BIFR for restructuring due to 100% erosion of its net worth. Apart from BIFR appointing SBI as Operating agency with a directions to submit the revival plan ,the company appointed new Consultant M/s. J P S Associates (P) Ltd., have prepared the revival plan and submitted their report to the Board which is under consideration.

CORPORATE SOCIAL RESPONSIBILITY

Company since its inception is very much aware about its social responsibility. For over five decades, as a socially responsible and sensitive corporate, your Company continues to remain committed to social thought and action to serve society through providing basic civic amenities to the neighboring villages, rendering assistance in different forms. stakeholder involvement etc.

SAFETY, HEALTH AND ENVIRONMENT:

In the areas of Health, Hygiene and Environment the company has undertaken periodic medical examination as well as statutory requirements of fitness check-up under form no. 23 for its employees. In our commitment to environment we have ensured that the level of pollutants from the factory and nearby surroundings were much below the permissible levels.

HOC Kochi unit received pollution control award among very large scale industries from Kerala State Pollution Control Board for substantial and sustained efforts in pollution control in 2012.

HOC Kochi unit received safety awards from Dept. of Factories & Boilers, Govt. of Kerala for outstanding performance in industrial safety for the year 2012.

INDUSTRIAL RELATIONS

The overall Industrial Relation situation continues to be peaceful and cordial during the year. There was no strike or lockout during the year.

RESEARCH & DEVELOPMENT

After initial trial runs on pilot scale the 'In-house' developed vapour phase continuous process for ISRO's specific grade of Kerosene (Isrosene) was fine tuned. The technology

is now ready for implementation in HOC's available commercial plant.

CORPORATE GOVERNANCE:

HINDUSTAN FLUOROCARBONS LIMITED (HFL) - SUBSIDIARY:

During the year, HFL has made Net loss of Rs.377.46 lacs from operations as against the net loss of Rs. 2482.47 lacs of the previous year. During the year, the sales turnover (net) was Rs.2915.07 lacs as against Rs.2788.92 lacs in the previous year. This is mainly due to employee benefits against wage revision, Decrease in sales realization of main product PTFE and discontinuation of CDM Project in international market. During the year, 726.58 Metric Tons of CFM-22 was sold in the market against 555.17 Metric Tons in the previous year and balance quantity was

used as feed stock to manufacture various products including Fluoro Specialty Chemicals. Accordingly, during the year 45.80 Metric Tons of Tetra Fluoro Etylene (TFE) was used to manufacture Telomere. Quality of all company's products continued to be well accepted by our customers. Company has achieved 88% capacity utilization as against 86% in the previous financial year. In spite of better physical performance, financial performance was badly affected due to the reasons mentioned above.

BIFR also directed the Company to submit the Draft Rehabilitation Proposal (DRP) with in period of 8 weeks considering the Cut Off Date(COD) as 31-3-2015. BIFR directions also include among other directions, that OA to submit its report thereof before the next date of the hearing (on 4-11-2015) and to examine the DRP on its receipt from the Company etc., [Previous year, as on 31st March, 2015, we have already reported the fact of HOCL as a Sick Unit to BIFR and the company has been registered as a sick company vide BIFR Order No. Case No.501/2014 dated 30.9.2014].

RESULTS OF OPERATIONS:

During the year under review the Company has suffered **Net loss of Rs. 215.49 crore**, as against the Net Loss of the previous year of Rs. 176.85 crore.

As regards the unit wise performance, the *Net Loss of Kochi Unit was Rs.72.58 crore* as compared to the previous year's Loss of Rs.69.15 crore. The *Rasayani Unit recorded a Net Loss of Rs. 142.90 crore* as compared with the previous year's loss of Rs. 107.70 crore.

OPERATIONS:

During the year under report your company achieved a sales turnover of Rs. 16709.40 lacs as against Rs.23679.73 lacs of the previous year.

The high labour cost and high incidence of cost on closed plants at Rasayani Unit are the major concerns. Company decided to operate those plants, which were giving contribution. Your company has continued its cost cutting measures to counter these problems and in order to be competitive and improve performance and profitability.

Due to cash losses, the Company was not able to make payments to raw material suppliers of both the units which resulted in stoppage of raw material supplies and therefore the operations were affected. The Company could however successfully mobilise Rs.150 crore by issuing Redeemable, Non-convertible Unsecured Bonds with the Sovereign Guarantee issued by the Government of India in the month of September 2014 to clear the dues to raw material suppliers and other working capital payments. The company could once again restart the production at Kochi with BPCL resuming the raw material supplies.

PRODUCTION:

Kochi Unit:

During the year your company's Kochi unit could achieve 46476 MTs of production as against the previous year production of 51253 MTs. The capacity utilization for the year was 29.40 % [Installed capacity-158090]

Rasayani Unit:

During the year your company's Rasayani unit could achieve 1227 MTs of production as against the previous year production of 2564 MTs. The capacity utilization for the year was 0.88 %. Capacity utilization is affected due to high fixed cost & finance constrains. [Installed Capacity- 138725]

MARKETING:

The chemical market for various basic chemicals are volatile in the domestic market and in the international market.. There is stiff competition for HOC main products from domestic manufacturers as well importers. During the year 2014-15, the company has achieved the sales turnover of Rs. 150.13 crore (net of excise duty) only as against Rs. 211.16 crores (net of excise duty) of the previous year(2013-14) and the sales volume during the year 2014-15 was 26474 MTs as against 32184 MTs for the previous year 2013-14.

The projected Sale Turnover & Sale Volume could not be achieved, because of shortage of working capital, easy availability of imported material at cheaper rate, increased price for major raw materials and less margin in selling prices. Even though the company could clear the raw material supplier's dues in the month of October 2014 and restart the operation of Plant at Kochi, due to drastic fall in international crude prices which resulted in sharp decline in the finished product prices as well as main raw material prices, company recovered only contribution on selling of high cost material. This has resulted the stoppage of Kochi Unit operations. This has resulted the loss on the value of inventory holdings as the stock had to be disposed of at market prices.

CURRENT / PRESENT SCENARIO.

The Kochi unit of the Company which was making profits continuously, year after year up to 2011-12, but during the current year under review, for the third time (in the span of 10 years), the Kochi Unit has incurred a loss to the tune of Rs.72.58 Crores (during the current year). The main reason for the loss suffered by the unit was due to shortage of working capital and withdrawal of Anti-Dumping Duty on the Phenol and Acetone manufactured at Kochi unit, resulting in large scale import of /dumping of those imported products and forcing the company to reduce the prices to match the imported price of Phenol and Acetone. The company has filed review petition & fresh application for Anti-Dumping Duty to the concerned Authority, which will help to improve and better realisation. Due to the pursuance of the Company and also due to change in international scenario, anti-dumping duty has been imposed by GOI.

STATUS OF FUTURE PLANS & TURNAROUND / REVIVAL PLAN

Future Course of Action / Revival Plan:

The Company is declared as sick unit by BIFR in Company's reference and registration with BIFR under Case No. 501/2014. due to 100% erosion of its net worth.

Further, apart from BIFR appointing SBI as Operating Agency with directions to submit the revival plan , the appointed new Consultant M/s. J P S Associates (P) Ltd., have prepared the revival plan and submitted their report to the Board which is under consideration.

HOCL Plans to replace the catalyst of Cumene plant from SPA to Zeolite which will bring down the cost of production.

INDEPENDENT AUDITOR'S REPORT

To the Members of Hindustan Organic Chemicals Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Hindustan Organic Chemicals Limited ('the Company'), which comprise the Balance Sheet as at 31st March, 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of the significant accounting policies and other explanatory information, in which are incorporated the Returns for the year ended on that date audited by the branch auditors of the Company's Unit at Kochi.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken in to account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone financial statements.

Basis for Qualified Opinion

- A) No provisions have been made in the standalone financial statements for the following amounts (refer respective notes in the notes to the financial statements);
 - i) Penal interest of ₹ 1268.87 lakhs (Previous year ended 31st March 2014: ₹ 1062.51 lakhs) on overdue loan from Government of India (note no. 5A(vi)),
 - ii) Loss on account of misappropriation of Company's fund amounting to ₹ 64.81 lakhs (Previous year ended 31st March 2014: ₹ 64.81 lakhs), pending final report from CBI and outcome of the civil suit (note no. 37),
 - iii) Liability of wage revision for the period 1.1.1997 to 31.12.2000 ₹ 1887.79 lakhs (Previous year ended 31st March 2014: ₹ 1887.79 lakhs) at Rasayani unit (note no. 33A),

iv) Liability of wage revision for the period 1.1.2007 to 31.3.2008 ₹ 161.55 lakhs (Previous year ended 31st March 2014: ₹ 161.55 lakhs) to Officers and ₹ 148.26 lakhs (Previous year ended 31st March 2014: ₹ 148.26 lakhs) to Staff at Rasayani unit (note no. 33B and 33C).

The above four matters were also qualified in our report on the financial statements for the year ended 31st March, 2014.

Had the effects of the items mentioned in the paragraphs A) i) to A) iv) above been considered, the loss for the year would have been higher by ₹ 3531.28 lakhs (Previous year ended 31st March 2014: ₹ 3324.92 lakhs).

B) The balances of trade receivables, trade payables, loans and advances and other current assets and other debit / credit balances are pending for confirmations and reconciliation (note no. 42). The effect of the same on the loss for the year is not ascertainable.

This matter was also qualified in our report on the financial statements for the year ended 31st March, 2014.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion paragraph above, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015, and its loss and its cash flows for the year ended on that date.

Emphasis of Matter

Attention is drawn to note 47 to the standalone financial statements which states that the company has made an application for reference to Board for Industrial and Financial Reconstruction (BIFR). The net worth of the Company is fully eroded. The Company has incurred a cash loss in the current and in previous years. The Company's current liabilities exceeds its current assets as at the balance sheet date. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said note. Our opinion is not modified in respect of this matter.

Other Matter

We did not audit the financial statements/information of Kochi Unit included in the standalone financial statements of the Company whose financial statements / financial information reflect total assets of ₹ 78675.65 lakhs as at 31st March, 2015 and total revenues of ₹ 13880.84 lakhs for the year ended on that date, as considered in the standalone financial statements. The financial statements/information of this unit has been audited by the branch auditors whose report has been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of this unit, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of this matter.

 - e) In our opinion, the aforesaid standalone financial statements comply

- with the Accounting Standards referred to in section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- The matters described in the Basis for Qualified Opinion paragraph above, and the going concern matter described in the Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
- The conditions specified in section 164(2) of the Act in respect of qualifications of directors is not applicable to the Company being a government company.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

 Whether the company has clear title/ lease deeds for freehold and leasehold land respectively? If not, please state the area of freehold and leasehold land for which title/ lease deeds are not available

The Company has clear title deeds for freehold and leasehold land except the Company's leased land at Kharghar. The commencement of construction certificate issued by CIDCO for construction on leasehold land was valid upto 29/12/2012. Further, the Company paid a premium of ₹ 15.41 lakhs and got extension for commencement of construction upto 25/05/2013. For further extension for a period of one year upto 25/05/2014, the agreement provides for an additional premium payment of ₹ 30.81 lakhs

failing which CIDCO reserves the right for taking back the possession of the land. Since the Company was facing financial crunch the payment has not been made to CIDCO nor has the Company commenced any construction on the said land. So far CIDCO has not initiated any steps to take back the land. The Company has plans to construct buildings on the said land on the Public Private Partnership (PPP) model basis as per the decision of the Board in its meeting held on 14/11/2014. This will avoid cash outflow by the company for the construction purpose.

2. State the area of land under encroachment and briefly explain the steps taken by the Company to remove the encroachment.

34G i) Capital Work-in-Progress and Expenditure during Construction includes ₹ 2978.91 lacs (previous year ₹ 2978.91 lacs) towards cost of JNPT Tank Terminal project wherein management had decided to suspend further construction. Even though the lease period has expired in June 2010, the Company has written to JNPT authorities for extension of the lease period and is hopeful of getting extension.

The company has gone into arbitration alongwith other Liquid Berth Users Association against JNPT for various issues including lease period issue.

Prior period expenses includes provision for impairment of JNPT Tank Terminal project which formed part of Auditors qualification in earlier years and have been provided during the current year on the basis of "recast of accounts" for FY 2012-13 as per SEBI circular and directives as directed by NSE vide letter dt.26.12.2014 and based on FRRB's opinion to restate the financial statements. The Company appointed consultant / valuers during the year for assessing the impairment of JNPT Tank Terminals Project as per the provisions of AS-28 'Impairment of Assets'. As per the report of the consultant he loss on account of impairment has been worked out by comparing the fair market value as on date with the project cost incurred to date and an amount of ₹ 2634.54 lacs (previous year Nil) has been provided for during the year as impairment under prior period expenditure. The report was placed before the Board and the same has been approved by the Board in its meeting held on 12.02.2015.

The Company had provided for Lease Rentals with old rates upto 31.03.2014 without considering the escalation @ 10% per annum as the matter is under arbitration. The amount accumulated on account of escalation upto 31.03.2014 amounting to ₹ 1351.08 lacs was disclosed as contingent liability.

Prior period expenses includes provision for Lease Rent on JNPT Land for earlier years which formed part of Auditors qualification in earlier years and have been provided on the basis of "recast of accounts" for FY 2012-13 as per SEBI circular and directives as directed by NSE vide letter dt.26.12.2014 and based on FRRB's opinion to restate the financial statements. During the current year provision has been made for the escalation amounting to ₹ 1351.08 lacs and has been charged to prior period expenditure and the same has been approved by the Board in its meeting held on 12.02.2015. - 34J With respect to the Company's leased land at Kharghar, the commencement of construction certificate issued by CIDCO was valid upto 29.12.2012. Further the Company paid a premium of ₹ 15.41 lacs and got extension for commencement of construction upto 25.05.2013. For further extension for a period of one year upto 25.05.2014 the agreement provides for an additional premium payment of ₹ 30.81 lacs failing which CIDCO reserves the right for taking back the possession of the land. Since the Company was facing financial crunch the payment has not been made to CIDCO. So far CIDCO has not initiated any steps to take back the land.

The Company has plans to construct buildings on the said land on the Public Private Partnership (PPP) model basis as per the decision of the Board in its meeting held on 14.11.2014. This will avoid cash outflow by the company for the construction purpose.

- 35 a) The Company has an investment of ₹ 1106.00 lacs (previous year ₹ 1106.00 lacs) in the equity share of subsidiary company M/s. Hindustan Fluorocarbons Ltd. The company holds 60% of the Paid-up Equity Capital of HOC-Chematur Ltd., hence HOC-Chematur is a subsidiary company of HOCL. HOC-Chematur Ltd., had initiated the process of implementing the project, however, abandoned subsequently due to inadequate support from financial institutions. In view of such uncertainties involved in implementing the project, the Company had fully provided for the losses against the investment. There is no change in the status of M/s HOC-Chematur Ltd., and the provision against the investment is continued.

NOTE No. (₹ Lacs)

- a) During the year 2007-08, the Modified Draft Rehabilitation Scheme (MDRS) for revival of subsidiary Hindustan Flurocarbon Ltd. (HFL) was approved by BIFR for implementation. As part of implementation of MDRS, HOCL had waived interest of ₹ 2260.26 lacs accumulated on loan given to HFL and converted the unsecured loan amounting to ₹ 2744.06 lacs as Zero Coupon Loan (ZCL), into secured loan by creating first charge on HFL immovable property (land valued to the extent of ₹ 2900 lacs) in favour of HOCL. This loan was payable in 7 equal annual instalments commencing from 2010-11. HFL has not paid the instalments for the year 2010-11, 2011-12, 2012-13, 2013-14 and 2014-15 aggregating to ₹ 1960.05 lacs (previous year ₹ 1568.04 lacs). A.B amounting to ₹ 664.71 lacs and expenses allocated in earlier years, aggregating to ₹ 1067.46 lacs (previous year ₹ 1066.75 lacs). In view of uncertainties involved in recovery/completion of the joint venture company project, a provision for doubtful advance of equivalent amount was made in earlier years. Since there is no improvement in the status of the joint venture project, the provision for doubtful advances is continued.
- 37 During the year 2001-2002, a case of misappropriation of Company's funds to the tune of ₹ 64.81 lacs (net and to the extent identified) by an official of the Company, involving fraudulent/ fake payments / withdrawals under various heads of accounts including sales tax, debtors etc. had been detected. The case is at present under investigation of CBI. In the meantime, based on the report of the Vigilance Department, a civil suit has been filed for recovery of the amount involved from the concerned employee who was dismissed from the services of the Company. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of his report referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

Basis for Qualified Opinion

- A) No provisions have been made in the consolidated financial statements for the following amounts relating to Holding Company (refer respective notes in the notes to the financial statements):
 - i) Penal interest of ₹ 1268.87 lakhs (Previous year ended 31st March 2014: ₹ 1062.51 lakhs) on overdue loan from Government of India (note no. 5A(vi)),

The above four matters were also qualified in our report on the consolidated financial statements for the year ended 31st March, 2014.

Had the effects of the items mentioned in the paragraphs A) i) to A) iv) above been considered, the loss for the year would have been higher by ₹ 3531.28 lakhs (Previous year ended 31st March 2014: ₹ 3324.92 lakhs).

B) The balances of trade receivables, trade payables, loans and advances and other current assets and other debit / credit balances are pending for confirmations and reconciliation (note no. 42). The effect of the same on the loss for the year is not ascertainable.

Sub-directions u/s 143(5) of the Companies Act, 2013

 Whether the company has clear title/ lease deeds for freehold and leasehold land respectively? If not, please state the area of freehold and leasehold land for which title/ lease deeds are not available

The Company has clear title deeds for freehold and leasehold land except the Company's leased land at Kharghar. The commencement of construction certificate issued by CIDCO for construction on leasehold land was valid upto 29/12/2012. Further, the Company paid a premium of ₹ 15.41 lakhs and got extension for commencement of construction upto 25/05/2013. For further extension for a period of one year upto 25/05/2014, the agreement provides for an additional premium payment of ₹ 30.81 lakhs failing which CIDCO reserves the right for taking back the possession of the land. Since the Company was facing financial crunch the payment has not been made to CIDCO nor has the Company commenced any construction on the said land. So far CIDCO has not initiated any steps to take back the land. The Company has plans to construct buildings on the said land on the Public Private Partnership (PPP) model basis as per the decision of the Board in its meeting held on 14/11/2014. This will avoid cash outflow by the company for the construction purpose.

State the area of land under encroachment and briefly explain the steps taken by the Company to remove the encroachment.

Rasayani Unit:

As informed to us, in Rasayani Unit, 40 acres land is under encroachment. The management has not taken any effective action for eviction of the encroachers.
