EXPLANATORY STATEMENT PURSUANT TO SECTION 173(2) (e) OF THE COMPANIES ACT, 1956

Item No.4.

As per Companies (Amendment) Act, 1999, w.e.f. 31-10-1998, a new Section 77A as to the "Powers of the Company to purchase its own Securities" had been added, requiring the Companies to amend their Articles of Association to include the required provisions, on buy back of Equity Shares of the Company, to facilitate buy back of its own Shares.

The Directors commend a Special Resolution to amend the Articles of Association of the Company by adding Article 38A, after Article 38 of the Articles of Association of the Company which would enable the Company to buy back its own shares as and when it desires to do so in future.

Company also received an Office Memorandum dated 26th March, 2012 vide letter dated 16th April, 2012 from the Dept. of C&PC, requiring the Company to make suitable enabling provisions in the Articles of Association of the Company in compliance with the relevant provisions, guidelines.

None of the Directors are in any way concerned or interested in this Resolution, except Shri J.N.Suryawanshi, Director (Mktg.) who is interested in the above to the extent of his respective shareholding in the Equity of the Company.

Item No.5.

According to provisions of Section 23 of Sick Industrial Companies (Special Provisions) Act, 1985 (SICA) if the accumulated losses of industrial company as at the end of any financial year have resulted in erosion of 50% or more of its peak Net Worth during the immediately preceding four financial years the Company shall have to report the fact of such erosion to the Board within a period of 60 days from the date of adoption of the audited accounts of the Company. The Audited Accounts of the Company for the year ended 31.03.2012 is being adopted at this General Meeting on 28th September, 2012. The Net Worth of the Company as at 31st March, 2012 was Rs.399.78 crores and the peak Net Worth [of the F.Y.2007-08] during the preceding 4 financial years was Rs. 417.00 crores and thus the accumulated losses for the F.Y.2011-12 of Rs.390.85 crores have resulted into erosion of Net Worth to the extent of 94% of the peak Net

Worth. The causes of such erosion and the efforts being made by the company to improve the same during the current and subsequent financial years are explained in the following paragraphs.

HOCL has been one of the well managed Public Sector Companies having achieved a number of feats in the last 30 years of its commercial operations. The noteworthy ones are (i) the Company had been earning profits consecutively in the initial two decades and had paid dividends to the Government of India consistently, (ii) fulfilled all the social obligations as a Govt. of India Enterprise and till date has been keeping up all its social commitments and (iii) won awards and accolades in all the spheres of its activities.

Consequent on globalisation of economy and the falling duty structure of the company's products as a result thereof, the company had been exposed to unscrupulous imports and dumping of its products in the country over a decade [in the last 10-12 years]. By adjusting the prices of its products to match the landed cost of imports, the Company has been suffering with severe margin squeeze and consequent losses during the said period. The raw material suppliers (Refineries) had not been affected to the same extent.

During this period right from the year 2001-02 to 2011-2012, till now, the Company has faced the situation where, on one hand there has been steep increase in the raw material prices, on the other hand, there had been sharp decline in the prices of the Company's important products. Company has earned Profits during Years, 2006-07, 2007-08, & 2010-11 and rest of the Years during last 12 Years, the Company incurred losses. The total net loss (accumulated losses) incurred by the Company in the last five years ended 31.3.2012 is Rs. 390.85 crores. As a result of such losses in the last several years, the Company's net worth has eroded substantially.

During Year 2010-11 Company performed well and posted a profit of Rs. 26 crore. However, during Year 2011-12 due to recessionary trend worldwide, the Company also suffered in terms of sales realization and margin and incurred losses. However, situation seems to be improving and both Units of the Company are showing improved performance.

It is hoped that the Net Worth would improve during the subsequent financial years due to several cost control measures being adopted by the company, the most important ones, among others, being change of feedstock, operational improvements at both the Units, LNG de-bottlenecking at Kochi Unit, improved production of Anilene & NitroBenzene products of Rasayani Unit supported with improved marketing efforts, debottlenecking of Formaldehyde, Sulphuric Acid and Hydrogen Peroxide Plants, active representation with the Govt. for financial assistance including grant of further Govt. Loan to meet the expenditure towards several projects in the pipeline and other measures.

Shri J.N.Suryawanshi, Director (Mktg.) is interested in the above to the extent of his respective shareholding in the Equity of the Company. No other Directors are interested in the above.

The expenditure on the JNPT tank farm was incurred during the years 1995-97. As the market condition deteriorated the management decided to stop the construction of JNPT tank farm activity and concentrate on core business of HOCL. The Board also decided to sell the assets of JNPT Tank farm on As is Where Is Basis. The attempts made by the Company to dispose off the partially completed tank farm did not materialize. Further HOCL Management decided to form a JV with Interested Party to make the tank farm operational and requested JNPT to give necessary approval for the same. However JNPT informed that if HOCL wanted to go ahead with the proposed JV route, they have to look for a PSU partner. The company has been exploring the possibility of completing the tank farm with a PSU partner and had approached BPCL, IOCL etc. but there has not been any positive response from the PSUs. Further RCF another PSU has shown interest in joining hands with HOCL for bigger projects wherein the JNPT Tank terminal also will be included. Consultants appointed are conducting study. The company is exploring various ways of putting to use the JNPT Tank Terminal project.

34B i) AN-I, FD-I, NB-I, HYD-I, DNB, BDP, MCB, NCB Old, COGEN Boiler, ACETYL, COMP, AIR-I, PUSH, DM WATER-I & II, MPP Plant, Steam Boiler-III having WDV (net of impairment) at ₹ 1346.85 lacs (Previous year ₹ 1376.00 lacs) are held for disposal. These assets have been carried at lower of net book value and Net Realisable Value ascertained on the basis of technical assessment made by the management / outside expert.

34C The Company appointed consultant/valuers during the year, for assessing the impairment of Fixed Assets as per the provisions of AS-28 Impairment of Assets for Rasayani Unit. As per the report of the consultant the loss on account of impairment has been worked out by comparing the fair market value as on date with the W.D.V as on 31st March, 2012 and an additional amount of ₹ 31.47 lacs (Previous year ₹ 56.73 lacs) has been provided for during the year.

34D The Acetanilide, Sulphuric Acid, Nitro Toluene, Caustic Soda, Nitro Chloro Benzene (CD) and Cyclo Hexyl Amine (CHA) plants gross block ₹ 14998.25 lacs (Previous year ₹ 14995.18 lacs) are in working condition but are not in operation due to uneconomical conditions.

NOTES TO THE FINANCIAL STATEMENTS

34G The Company had incurred expenditure of ₹ 46.35 lacs in earlier years towards feasibility study for Combined Heat and Power Project and Captive Co-gen Power Plant to be erected at Rasayani, which was shown under Capital Work in Progress. An amount of ₹ 20.94 lacs towards Combined Heat and Power Project has been charged to the Statement of Profit and Loss in current year as the project is not being taken up.

The balance amount of ₹ 25.41 lacs towards feasibility study of captive power plant is carried forward as the project is on hold now due to high gas prices and will be taken up at a later date.

35 The Company had an investment of ₹ 1106 lacs (previous year ₹ 1106 lacs) in the subsidiary company M/s. Hindustan Fluorocarbons Ltd (HFL) which was under BIFR since 1994. HFL has been reporting profit in the last 3 years. The Subsidiary Company HFL has also been sanctioned CERs by UNFCCC under the CDM Project which has generated substantial revenue for the Company. In view of the improved financial position of HFL, its shares are traded much above the nominal value. In view of this, the investment in HFL is stated at cost.

The Company had invested ₹ 3.00 lacs in the Equity of M/s. HOC-Chematur Ltd. by way of joint venture as a promoter. The company holds 60% of the Paid-up Equity Capital of HOC-Chematur Ltd., hence HOC-Chematur is a subsidiary company of HOCL. HOC-Chematur Ltd., had initiated the process of implementing the project, however, abandoned subsequently due to inadequate support from financial institutions.

In view of such uncertainties involved in implementing the project, the Company had fully provided for the losses against the investment. There is no change in the status of M/s HOC-Chematur Ltd., and the provision against the investment is continued.

37 During the year 2001-2002, a case of misappropriation of Company's funds to the tune of ₹ 64.81 lacs (net and to the extent identified) by an official of the Company, involving fraudulent / fake payments / withdrawals under various heads of accounts including sales tax, debtors etc. had been detected. The case is at present under investigation of CBI. In the meantime, based on the report of the Vigilance Dept., a civil suit has been filed for recovery of the amount involved from the concerned employee who was dismissed from the services of the Company. Since in the opinion of the Management the value of assets seized by CBI is sufficient to cover the losses occurred on account of fraud, no provision in the accounts is made and the amount is shown as recoverable.

The Company had reviewed its net deferred tax assets as at 31st March, 2004 and decided not to carry forward such assets due to uncertainty of realizing these assets against future taxable income due to uncertainty of its realization on account of accumulated losses. This decision is followed this year also in view of Accounting Standard Interpretation issued by the Institute of Chartered Accountants of India.

42 BALANCE CONFIRMATION

Balances of debtors, creditors, loans, advances, other current assets and borrowings are subject to confirmation/reconciliation and subsequent adjustments.

36 a) During the year 2007-08, the Modified Draft Rehabilitation Scheme (MDRS) for revival of subsidiary - Hindustan Fluorocarbon Ltd. (HFL) was approved by BIFR for implementation. As part of implementation of MDRS, HOCL had waived interest of ₹ 2260.26 lacs accumulated on loan given to HFL and converted the unsecured loan amounting to ₹ 2609.72 lacs as Zero Coupon Loan (ZCL), which is secured by creating first charge on HFL immovable property (land valued to the extent of ₹ 4000 lacs) in favour of HOCL. Further, the Company had given loans aggregating to ₹ 890.77 lacs (Previous year ₹ 1020.77 lacs) which included additional loans of ₹ 134.34 lacs given to settle its dues to the financial institutions. On this 10% interest was charged by HOCL during the earlier years as per agreement entered into between HOCL and HFL. Since as per the MDRS, no interest is leviable on the additional loan, the Company has, during the year, reversed the interest on this loan accrued in earlier years amounting to ₹ 46.18 lacs, which is shown under Prior Year Adjustments. The above loans are also secured under the above mortgage of land by HFL.

b) Advances to joint venture Company M/s HOC-Chematur Ltd. includes advance paid to M/s Chematur Engg. A.B amounting to ₹ 664.71 lacs and expenses allocated in earlier years, aggregating to total ₹ 1066.26 lacs (previous year ₹ 1065.89 lacs). In view of uncertainties involved in recovery/completion of the joint venture company project, a provision for doubtful advance of equivalent amount was made during the earlier years. Since there is no improvement in the status of the joint venture project the provision for doubtful advances is maintained.
